

Fy nhaith ddysgu yn Daearyddiaeth

My learning journey in Geography

Uned ymholi/Enquiry unit: **Why do so many people migrate to Australia and New Zealand?**

Gwybodaeth a dysgu blaenorol/Prior knowledge and learning:

Perhaps you have watched TV shows such as 'Home and Away' and 'Neighbours' or you watch people on YouTube / TikTok and have liked the scenery or way of life in Australia and New Zealand. Some of you may have relatives living in these countries or have been there on holiday / previously lived there.

Yn ystod eich taith mi fyddwch yn …

During your journey you will …

- Learn what migration is and look at Push Factors and Pull Factors that persuade people to move to a new / different place, with examples of some in Australia & New Zealand.
- Locate Australia and New Zealand in the World. Learn about some of the cities and landmarks in the two countries.
- Look at the way of life in the two countries and understand why so many migrate due to the perceived 'better quality of life'.
- Carry out research on one city in Australia or New Zealand.
- Compare Wales with the 2 countries
- Learn about drought and wildfires in Australia.
- Know about the 'Ring of Fire' and how this affects New Zealand.
- Discover native animals and people.

Yr ydym ar y daith hon oherwydd …

We are on this journey because …

- Migration is part of life – people have always been on the move, moving between the countryside and cities or between countries.
- People might migrate because of better opportunities; education; work; health; war; family etc.
- Perhaps you have moved to live here from a different part of the UK, or from abroad.
- You may choose to migrate yourselves one day!
- The most popular countries for Brits to move to are Australia and New Zealand, with 33% of Brits that have emigrated living in one of these two countries.

Eich tasgau/Your tasks:

Task 1: Learn about wildfires using Geographic Information System (GIS).

Task 2: Take part in an earthquake drill to learn the correct steps to take during an earthquake.

Assessment Task: Create a video clip advertising Australia or New Zealand.
